Print area

Not actual size

### Creation of files:

- Use only CMYK colours if quadri print
- Use only PMS colours if Pantone print (no CMYK separation)
- Saturation : max. 300%
- White on paper = silver on a CD, if you want a white colour, please confirm this in your order (+ white base = + 1 colour)
- Attention : without a white base, the transparent areas of the CD couldn't be print
- No technical lines
- No overfill
- Don't forget the middle cross
- No data or colour in the "no printing area"

We only accept **High resolution (300 DPI) PDF files** and do not make any modifications to them

**MASTER : only CD-R (No Audio CD, CD-RW, Gold CD-R ou Color CD-R)**
